

CANDIDATE QUESTIONNAIRE AND SELECTION PROCESS

Interested school board candidates should complete the HRC School Board Champion interest form to gain access to the questionnaire. The questionnaire asks about policy positions, current endorsements, school board seat information and basic demographics.

Once questionnaires are submitted, candidates will be vetted by a committee internal to HRC to determine eligibility and alignment. Selected candidates will be designated as HRC Safe Schools Champions and invited to participate in our online school board candidate training plan. This training, composed of two courses, will ground candidates in HRC's values and guide them through best practices in voter engagement, messaging, and fundraising, ensuring they have the foundation to run a successful campaign.

Candidates who complete the candidate training will officially become HRC Safe Schools Champions. All Champions will be listed on the HRC website and promoted through digital media. Champion candidates will gain access to a digital seal to showcase on campaign materials and will be invited to join recurring scheduled calls to review emerging policy issues, messaging and ongoing learning opportunities.
